Tehran, Iran · +98 938599437

Email: alisoleymani.96@mail.com | [Linkedin Profile](#) | www.alisoleymani.com

A very cooperative **team-worker**.

Ambitious for learning new skills and always embracing a challenge.

Having a high capacity for learning and picking up new skills and ideas quickly.

Enthusiasm and **creativity** give me an edge on difficult projects.

Flexible and adaptive in different working conditions.

Creative and tenacious.

hard worker and ready to work under pressure and overtime.

Heavily concerned and attentive about organizational collective goals.

Having **self-study skills**.

WORK EXPERIENCE

JUL 2014 - OCT 2016

MICROSOFT ADMINISTRATOR, COMPANY RAAF EPC GROUP

- Installing and supporting LAN network segments
- Installing and maintaining network hardware and software
- Monitoring networks to ensure security and availability
- Evaluating and modifying the system's performance
- Installing and configuring the firewall with Kerio control (DHCP, internet shaping, radius, queue, web proxy)
- Configuring mail server clients with Kerio connect
- Configuring VMware ESXi, Within VSphere
- Installing and configuring the active directory, DNS, DHCP, IIS, FTP, file sharing and group policy, printer Server
- Performing system backup and recovery

NOV 2015

DESIGNING AND IMPLEMENTATION OF NETWORK SYSTEM, NOOR TRAINING INS.

- Installing and configuring windows server hardware and software, to include physical and virtual servers, windows server, active directory, IIS, VMware ESX
- Performing software installation and maintenance
- supporting and monitoring inbound and outbound traffic with mikrotik firewall (internet shaping, radius, queue, web proxy, user management)
- Providing weekly support to their windows clients
- Troubleshooting and fixing hardware/software problems on local and remote systems
- Installing and configuring voip structure (elastix)
- Installing and configuring active directory, DNS , group policy , file sharing , backup server.

JUL 2016

DESINGING AND IMPLEMENTATION OF NETWORK SYSTEM, MAYDEH TRAINING INS.

- Installing and configuring LANs, WANs, network segments
- Installing network hardware and software.
- Installing and configuring mikrotik firewall (internet shaping, radius, queue tree, web proxy)
- Installing and configuring active directory, file sharing, DNS, DHCP, IIS, FTP, NAT, RAS
- Troubleshooting desktop and laptop hardware and software issues

JUN 2017

DESINGING AND IMPLEMENTATION OF NETWORK SYSTEM, KIA SAZEH CO.

- Installing and configuring voip structure (elastix)
- Installing and configuring of VMware operating systems
- Installing network hardware and software.
- Installing and configuring mikrotik firewall
- Installing and configuring active directory, DNS, DHCP, SQL
- Providing users with technical support for computer problems
- Performing system backup and recovery

MAR 2016 - PRESENT

TECHNICAL MANAGER, YSORKH.NET (PROJECT BASIS CONTRACTS)

- **Yaghoot Sorkh:** Designing Network Infrastructure for VOIP
- **KIAN Veterinary Clinic:** Designing & Implementation of LAN and WAN
- **Honare Nasb Co.:** Designing & Implementation of WAN
- **Mitsubishi Motors** (East Tehran branch): Designing & Implementation of LAN and WAN

TEACHING EXPERIENCE

DATES FROM JUN 2017 – JUL 2017

NETWORK +, IEEE KNTU STUDENT BRANCH

Teaching Network + course
Number of Students: +15
Duration of Class: 30 hours

JUL 2017 – AUG 2017

TEACHING WINDOWS SERVER 2012 R2, IEEE KNTU STUDENT BRANCH

Teaching Windows Server 2012 R2 course

Number of Students: +10

Duration of Class: 40 hours

SEP 2017 – OCT 2017

CONFIGURING WINDOWS SERVER 2012 R2 , IEEE KNTU STUDENT BRANCH

Number of Students: +10

Duration of Class: 55 hours

JUNE 2018 – AUGUST 2018

CISCO CERTIFIED NETWORK ASSISTANT, IEEE KNTU STUDENT BRANCH

Teaching Cisco Certified Network Assistant course

Number of Students: 25

Duration of Class: 45 hours

FEB 2017 – JUL 2017

TEACHING ASSISTANT

Course: Computers Network

Professor: Dr. H. Khanmirza

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, K. N. TOOSI UNIVERSITY OF TECHNOLOGY

DIPLOMA MATHEMATICS, IRANIANSCHOOL IN UNITED ARAB EMIRATES (ABU DHABI)

TECHNICAL SKILLS

- Strong experience in **Windows Server** support.
- Proficiency in Setup and Maintenance of **Windows-based Network Services**: AD, DNS, DHCP, IIS, FTP, DFS, NAT, RAS, VPN, WSUS, WDS, TMG, HYPER-V, Failover, **NTFS permissions**
- Good experience in Setting up and Configuration of **Cisco**-based Devices (Routers and Switches)
- Excellent knowledge of Switch and Router Operation
- Excellent knowledge in network protocols: VLAN and Trunk, Aggregating Switch Links, STP

- Deep knowledge of **TCP/IP**, IP routing and other basic networking protocols
 - Excellent experience in **Windows**-based Systems Management Using **Group Policy**
 - Good familiarity with **Virtualization** Using **VMWare** and **Hyper-V**
 - Good experience in Firewall-based Protocols: NAT, Firewall, Web Proxy, Internet Shaping, DHCP, DNS
 - Good knowledge of Security Protocols: RADIUS, TACASCS+, SSL, CA, IPSEC, SSH, SFTP, VPNs
 - Good knowledge of mail server softwares such as Kerio Connect and exchange
 - Good experience in **elastix** Setup and Configurations (**voip**)
- Securing and Configuration, multilayer switching, L3 HSRP, VRRP, GLBP, NAT, EIGRP, OSPF, IGP, Policy Base Routing, BGP, branch office networking, ACL, AAA, CME, CUCM, IOS Firewall security, IOS IPS security, QOS, Route map, Route Summarization.
- Good knowledge of **cisco Voip solutions** Setup and Configurations (CME and CUCM)

CERTIFICATIONS

- **Cisco Certified Network Associate Route and Switching** (cisco)
- **Installing and Configuring Windows Server 2012 R2** (Microsoft)
- **Huawei Certified Networking Associate** (Huawei)
- **Huawei Certified Networking Professional** (Huawei)
- **Cisco Certified Networking Professional Route** Remis Co.
- **Cisco Certified Networking Professional Switch** Remis Co.
- **Cisco Certified Networking Professional Troubleshooting** Remis Co.
- **CCNA Collaboration** Candoo Co.
- **Installing And Configuring Windows 8** Tehran Technical Ins. (MFT)
- **Administering Windows Server 2012 R2** Tehran Technical Ins. (MFT)
- **Configuring Advanced Windows Server 2012** Tehran Technical Ins. (MFT)

OTHER SKILLS & AWARDS

- Ranked 12st among 20,000 students in Huawei ICT Competition 2017
